AI Intermediate - For Digital & Technical Profiles

Hesham Ibrahim Salah Ibrahim

successfully completed the above-mentioned curriculum on 26-JUN-2026.

The curriculum included the following main subjects:

Overview: The AI Intermediate Learning Pathway for Digital and Technical profiles is designed to deepen practical Python AI development skills, applying GenAI with Azure OpenAI, understanding model evaluation when using AI and ML, and introducing the foundational principles of agentic AI. **Additional Recommendation:** Depending on your skill level, we recommend completing the [AI Foundations - For Digital & Technical Profiles](#) before starting this course to ensure that you can benefit fully from the intermediate learning path. **Target Group:** All SE employees
