

Dear Hiring Manager,

I am writing to express my interest in the Business Data Analyst Expert Field Installation EU&AF position. With a strong background in power plant operations, data analytics, and digital innovation at Siemens Energy, I am excited about the opportunity to contribute to your team and support business success across Europe and Africa.

Throughout my career, I have demonstrated a commitment to leveraging data-driven solutions to optimise operations and support strategic decision-making. As a Senior Shift Operation Engineer, I have led data analysis initiatives, developed and maintained operational reports, and collaborated with multidisciplinary teams to deliver actionable insights. My hands-on experience with Microsoft Power BI, data modelling, and visualisation has enabled me to create impactful dashboards and reports for diverse stakeholders.

I am proficient in SQL, Power Query, and DAX, and have practical knowledge of Python for data analysis. My background also includes experience with SAP and data governance which has strengthened my ability to adapt to new tools and technologies quickly. I am fluent in English and possess strong communication and presentation skills, allowing me to convey complex data insights to non-technical stakeholders and foster effective collaboration.

In addition to my technical skills, I have a proven track record of innovation and continuous learning. I have served as Data Analysis Team Lead, Innovation Coach, and Venture Associate, roles that required creative problem-solving, stakeholder engagement, and a proactive approach to professional development. My experience in training and mentoring colleagues on data tools and best practices further supports my ability to drive continuous improvement within your organisation.

I am excited about the opportunity to join Siemens Energy's data analytics community and contribute to the advancement of your business intelligence capabilities. Thank you for considering my application. I look forward to the possibility of discussing how my background and skills align with your team's needs.

Yours sincerely,

Hesham Salah
